

Global Quality Policy

Measurement Specialties Inc is a global designer, manufacturer and supplier/distributor of sensors and sensor-related assemblies. It is a diverse organization and has a large portfolio of products to meet the requirements for many industry applications such as Automotive, Aerospace and Medical.

As a global organization, Measurement Specialties Inc is committed to complying with all applicable Customer & Regulatory requirements and site specific Quality Management System standards.

Measurement Specialties Inc is committed to satisfying the needs and expectations of our Customers & shareholders and to maintaining or improving the effectiveness of our QMS as determined by the QMS standards in operation at each of our facilities.

This will be achieved by establishing Quality Objectives and targeting improvements in our processes so that we may provide cost effective & defect free products in the agreed upon delivery time.

Quality Objectives and the targets for their achievement will be developed annually and regularly reviewed by the Management Team for their continuing applicability.

A handwritten signature in black ink, appearing to read "Frank D. Guidone", is written over a solid horizontal line.

Frank D. Guidone

President and CEO, Measurement Specialties, Inc.
